

2023 NYE BYO Conditions

- Charterer must supply food and beverages
- Ice, platters, cutlery, plates, and cups will be provided for your use on the night.
- Please ensure to check if you require special items for serving as you may need to provide those if not on board already
- Substantial catering must be brought on board to adhere to liquor licensing laws whilst alcohol is being consumed (minimum 350gm of food per person over 4 hours) So they will need at least 600 grams per person over 6 hours loading of majority of the beverage items for the event needs to be organised to be done the day or few days prior to the event
- Price includes 2 wharf bookings, use of galley facilities and on-board crew/service staff
- Spa will not be operational on the evening unless arranged with booking agent prior to the day (permitted use only for groups of 48 maximum *condition of survey)
- Beverages will be served and monitored by RSA certified staff members on board
- RSA laws will still be enforced to align with our Liquor License
- All BYO leftover items can be organised to be collected from the vessel at its mooring by the end of the following week
- Any leftover items not collected within this time will be discarded at no liability of the operator
- The staff provided will be there to assist with all things including monitoring and helping with the use of our facilities, helping to serve food where required, cleaning up and serving beverages
- **Please Note**
Strictly "NO SHOTS" policy
